Shaikpet, HYD

SUMMARY

I am a results-driven professional with over 5 years of experience in sales leadership, product management, and operations. My expertise spans executing successful marketing campaigns, managing talent acquisition, and driving technical recruitment. I excel in working with cross-functional teams to align company strategy and enhance performance, making significant contributions to revenue growth and project success

EXPERIENCE

Product Sales & Operations Manager (Core Team)

ContactSwing AI

01/2024 Madhapur, HYD

A company focused on AI-driven solutions

- Owned the complete sales cycle end-to-end, closing 30+ clients across staffing, real estate, and healthcare, contributing to 60% revenue growth
- Built, interviewed, and trained the initial sales team, setting processes, outreach playbooks, and performance benchmarks
- Managed team performance through regular performance reviews, ensuring alignment with quarterly targets and KPIs
- Designed and executed outbound sales strategies (email, LinkedIn, calls), improving response rates by 45%
- Acted as a trusted advisor for key accounts, driving onboarding, adoption, and ongoing optimization
- Partnered closely with CEO, CTO, and VP to shape sales strategy, pricing, and product roadmap
- Led product testing and quality assurance for AI voice workflows; identified and validated 50+ critical bugs pre-release
- Owned platform operations including onboarding, number provisioning, assistant configuration, testing, and go-live
- Implemented internal documentation and scalable workflows to support growth and customer success
- Led social media strategy and coordinated content execution to improve brand visibility and engagement

Talent Acquisition Specialist

Blue space Technologies

08/2022 - 01/2024 Madhapur, HYD

A technology solutions company focusing on talent acquisition

- Lead managed, developed, supported, and implemented the talent acquisition strategic plan aligned with meeting the organization's business needs
- Recruited Java, .NET, Python, DevOps, and Product Managers
- Oversaw end-to-end recruitment and talent acquisition, mentoring and coaching a team of recruiters
- Utilized Handshake for managing requirements and candidate hiring process
- Defined performance metrics and worked with CEO and VP Operations to analyze reports to improve team productivity
- Conducted daily, weekly, and monthly meetings to track quarterly goals
- Managed performance of recruiters including training and performance appraisal
- Maintained excellent problem-solving skills with a strong technical background

Bench Sales Recruiter

Amvotech solutions
